Re: Phase II MS4 Annual Report Transmittal for City of Hewitt
TPDES Authorization: TXR040090

Dear Team Leader:

This letter serves to transmit the required annual report for the Texas Pollutant Discharge Elimination System Small Municipal Separate Storm Sewer System General Permit, Authorization Number TXR040090 for the City of Hewitt.

The annual report is for Year 2. The reporting period's beginning January 1, 2020 and ending December 31, 2020.

A separate Notice of Change has **not** been submitted based on the fact that changes have not been proposed for the next permit year.

As required by the general permit, a copy of the report has been mailed to the TCEQ's regional office 9 in Waco, Texas.

Sincerely,

Scott D. Coleman Sr.
Director of General Services
City of Hewitt Texas

Phase II (Small) MS4 Annual Report Form

TPDES General Permit Number **TXR040000**

A. General Information

Authorization Number: **TXR040090**

Reporting Year (year will be either 1, 2, 3, 4, or 5): **2**

Annual Reporting Year Option Selected by MS4: **Calendar Year**

Calendar Year: **2020**

Permit Year: **2**

Reporting period beginning date: **January 1st 2020**

Reporting period end date: **December 31st 2020**

MS4 Operator Level: **2** Name of MS4: **City of Hewitt MS4**

Contact Name: **Scott Coleman** Telephone Number: **254-666-3151**

Mailing Address: **200 Patriot Court, Hewitt Texas 76643**

E-mail Address: **scoleman@cityofhewitt.com**

A copy of the annual report was submitted to the TCEQ Region: **YES**

The annual report was submitted to: TCEQ Region **9 Waco**

B. Status of Compliance with the MS4 GP and SWMP

1. Provide information on the status of complying with permit conditions:
(TXR040000 Part IV.B.2)

	Yes	No	Explain
Permittee is currently in compliance with the SWMP as submitted to and approved by the TCEQ.	Yes		
Permittee is currently in compliance with recordkeeping and reporting requirements.	Yes		

Permittee meets the eligibility requirements of the permit (e.g., TMDL requirements, Edwards Aquifer limitations, compliance history, etc.).	Yes		
Permittee conducted an annual review of its SWMP in conjunction with preparation of the annual report	Yes		

2. Provide a general assessment of the appropriateness of the selected BMPs. You may use the table below to meet this requirement (**see Example 1 in instructions**):

MCM(s)	BMP	BMP is appropriate for reducing the discharge of pollutants in stormwater (Answer Yes or No and explain)
1 Public education, outreach and involvement.	1.1- 1.10	Yes, public outreach BMPs are a valuable tool for public information, notification and mitigation of reducing pollutants in stormwater. The stormwater email is monitored for reports of mitigation from the public. The website is updated with information for the public.
2: Illicit Discharge Detection and elimination.	2.1 - 2.6	Yes, measurable goals for illicit discharge Detection BMP's are appropriate for reducing the discharge of pollutants. BMPs serve as goals and guidelines to lower pollutants. Routine inspections help identify and remedy illicit discharges.
3: Construction Site Runoff Control	3.1 - 3.5	Yes, measurable goals for site runoff control BMP's are appropriate for reducing discharge of pollutants in stormwater.
4: Post Construction Stormwater Management, New Development and Development	4.1 - 4.3	Yes, post construction stormwater management BMP's is appropriate for reducing discharge of pollutants in stormwater. The inspections and General Services departments monitor these areas.

5: Pollution Prevention & Good Housekeeping for municipal operations.	5.1 – 5.5	Yes, measurable goals for pollution prevention and good housekeeping BMP's are appropriate for reducing discharge pollutants into stormwater. This includes education of employees, inspection of City facilities and monitoring of stormwater pollutants.

3. Describe progress towards achieving the goal of reducing the discharge of pollutants to the MEP. If no progress was made or the BMP did not result in a reduction in pollutants, provide an explanation. Use the table below to meet this requirement (**see Example 2 in instructions**):

MCM	BMP	Information Used	Quantity	Units	Does the BMP Demonstrate a Direct Reduction in Pollutants? (Answer Yes or No and explain)
1	1.1	Utility Bill Stuffers	5800	Brochures	No data to back the possible outcome of the BMP. However, education has been shown to decrease pollution.
2	2.4	Detention ponds	6	ponds	Yes, if illicit discharges are observed on site, immediate action can be taken to correct the discharge.
3	3.3	Construction Site inspection	3177	Site Inspections	Yes, when confronted about sediment control, illicit discharges immediate action usually follows.
4	4.8	Construction Plan Review	454	Plan Reviews	No, but the continuation of the post construction BMP's will ensure the quality of the system and that additions to the system are constructed adequately to avoid possible illicit connections.

5	5.2	City Personnel Training	2	employees	No, but continuing education of staff helps ensure that staff know what to look for during inspections and or mitigation.
---	-----	-------------------------	---	-----------	---

4. Provide the measurable goals for each of the MCMs, and an evaluation of the success of the implementation of the measurable goals (**see Example 3 in instructions**):

MCM(s)	Measurable Goal(s)	Explain progress toward goal or how goal was achieved. If goal was not accomplished, please explain.
1	Provide Utility Bill Inserts	Goal met. The City sent out inserts during 2020 to help educate the public about maintaining the cleanliness of the stormwater system. They were inserted in the Water CCR report.
2	Conduct a City-wide clean-up day	Goal met, during 2020 the city provided monthly bulk trash and brush clean-up days to help mitigate bulk trash and brush.
3	Map 25% of outfalls and 50% of receiving waters during Year 1 (same as milestone)	Goal met, staff continued mapping all known receiving waters and outfalls in the city for maintenance direction during 2020.
4	Perform site inspections of 25% of all active construction sites	Goal met, a minimum of 25% site inspections performed during 2020.
5	Respond to 100% of all construction complaints received	Goal met, the City responded to 100% of complaints and notified the responsible party if not the MS4's responsibility during 2020.

6	Review all site plans submitted for new development projects.	Goal met; City staff reviewed 100% of plans submitted during 2020 to ensure the appropriateness of stormwater systems in developing sites.
7	Sweep 50% of roads each year	Goal met; 80% of streets were swept 1 time during 2020
8	Inspect 5 industrial facilities	Did not meet goal. MS4 does not cover 5 industrial facilities within the City of Hewitt.
9	Send two employees each year to a stormwater training workshop.	Did not meet goal, COVID-19 restriction limited the scheduling of "in person" classes available during 2020.
10	Mark 20% of storm inlets.	Goal met, a minimum of 20% of storm drain inlets were marked "No dumping, drains to creek" during 2020.
11	Household Hazardous Waste Disposal Program	Goal not met, The City of Hewitt in conjunction with surrounding Cities scheduled a "Hazardous Waste Day" during 2020, unfortunately it was canceled due to COVID-19 CDC social distancing requirements.
12	Address Concerned information submitted by Citizens	Goal Met, 100% of reported citizen concerns regarding storm water were addressed appropriately during 2020.
13	Inspection of stockpile storage areas	Goal met, stockpile storage areas were inspected and runoff areas were addressed as needed during 2020.

C. Stormwater Data Summary

Provide a summary of all information used, including any lab results (if sampling was conducted) to assess the success of the SWMP at reducing the discharge of pollutants to

the MEP. For example, did the MS4 conduct visual inspections, clean the inlets, look for illicit discharge, clean streets, look for flow during dry weather, etc.?

D. Impaired Waterbodies

1. Identify whether an impaired water within the permitted area was added to the latest EPA-approved 303(d) list or the Texas Integrated Report of Surface Water Quality for CWA Sections 305(b) and 303(d). List any newly-identified impaired waters below by including the name of the water body and the cause of impairment.

N/A

2. If applicable, explain below any activities taken to address the discharge to impaired waterbodies, including any sampling results and a summary of the small MS4's BMPs used to address the pollutant of concern.

N/A

3. Describe the implementation of targeted controls if the small MS4 discharges to an impaired water body with an approved TMDL.

N/A

4. Report the benchmark identified by the MS4 and assessment activities:

Benchmark Parameter <i>(Ex: Total Suspended Solids)</i>	Benchmark Value	Description of additional sampling or other assessment activities	Year(s) conducted
N/A	N/A	N/A	N/A
N/A	N/A	N/A	N/A
N/A	N/A	N/A	N/A

5. Provide an analysis of how the selected BMPs will be effective in contributing to achieving the benchmark:

Benchmark Parameter	Selected BMP	Contribution to achieving Benchmark
N/A	N/A	N/A
N/A	N/A	N/A
N/A	N/A	N/A
N/A	N/A	N/A

6. If applicable, report on focused BMPs to address impairment for bacteria:

Description of bacteria-focused BMP	Comments/Discussion
N/A	N/A
N/A	N/A
N/A	N/A
N/A	N/A

7. Assess the progress to determine BMP's effectiveness in achieving the benchmark.

For example, the MS4 may use the following benchmark indicators:

- number of sources identified or eliminated;
- number of illegal dumpings;
- increase in illegal dumping reported;
- number of educational opportunities conducted;
- reductions in sanitary sewer flows (SSOs); /or
- increase in illegal discharge detection through dry screening.

Benchmark Indicator	Description/Comments
N/A	N/A
N/A	N/A
N/A	N/A
N/A	N/A
N/A	N/A
N/A	N/A

E. Stormwater Activities

Describe activities planned for the next reporting year:

MCM(s)	BMP	Stormwater Activity	Description/Comments
1	1.5	Storm Water/Outfall markings	Continue marking 20% of storm inlets and outfalls with a message "No Dumping Drains to Creek"

2	2.2	Household Hazardous Waste Disposal Program	Participate in an annual household hazardous waste program for residents to properly dispose of hazardous waste.
3	3.5	Address concerned information submitted by Citizens	Continue to respond to concerned information that is submitted by the public regarding construction activities.
5	5.3	Inspection of stockpile storage areas	Continue inspection and remediation if required of stockpile storage areas.
6	1.2	Distribute educational print out materials at public facilities	Continue distributing educational materials as required with additional materials at public facilities.

F. SWMP Modifications

1. The SWMP and MCM implementation procedures are reviewed each year.

Yes

2. Changes have been made or are proposed to the SWMP since the NOI or the last annual report, including changes in response to TCEQ's review.

No

If "Yes," report on changes made to measurable goals and BMPs:

MCM(s)	Measurable Goal(s) or BMP(s)	Implemented or Proposed Changes (Submit NOC as needed)
N/A	N/A	N/A
N/A	N/A	N/A

N/A	N/A	N/A
N/A	N/A	N/A
N/A	N/A	N/A
N/A	N/A	N/A
N/A	N/A	N/A
N/A	N/A	N/A
N/A	N/A	N/A

Note: If changes include additions or substitutions of BMPs, include a written analysis explaining why the original BMP is ineffective or not feasible, and why the replacement BMP is expected to achieve the goals of the original BMP.

3. Explain additional changes or proposed changes not previously mentioned (i.e. dates, contacts, procedures, annexation of land, etc.).

G. Additional BMPs for TMDLs and I-Plans

Provide a description and schedule for implementation of additional BMPs that may be necessary, based on monitoring results, to ensure compliance with applicable TMDLs and implementation plans.

BMP	Description	Implementation Schedule (start date, etc.)	Status/Completion Date (completed, in progress, not started)
N/A	N/A	N/A	N/A

N/A	N/A	N/A	N/A
N/A	N/A	N/A	N/A
N/A	N/A	N/A	N/A

H. Additional Information

1. Is the permittee relying on another entity to satisfy any permit obligations?

Yes

If "Yes," provide the name(s) of other entities and an explanation of their responsibilities (add more spaces or pages if needed).

Name and Explanation: TxDOT and City of Waco maintains roads and right of way and

drainage that influence some City of Hewitt drainage ditches, channels and creeks.

2.a. Is the permittee part of a group sharing a SWMP with other entities?

No

2.b. If "yes," is this a system-wide annual report including information for all permittees?

No

If "Yes," list all associated authorization numbers, permittee names, and SWMP responsibilities of each member (add additional spaces or pages if needed):

Authorization Number: _____ Permittee: _____
 Authorization Number: _____ Permittee: _____
 Authorization Number: _____ Permittee: _____
 Authorization Number: _____ Permittee: _____

I. Construction Activities

1. The number of construction activities that occurred in the jurisdictional area of the MS4 (Large and Small Site Notices submitted by construction site operators):

4

- 2a. Does the permittee utilize the optional seventh MCM related to construction?

No

- 2b. If "yes," then provide the following information for this permit year:

The number of municipal construction activities authorized under this general permit	
The total number of acres disturbed for municipal construction projects	N/A

Note: Though the seventh MCM is optional, implementation must be requested on the NOI or on a NOC and approved by the TCEQ.

J. Certification

If this is this a system-wide annual report including information for all permittees, each permittee shall sign and certify the annual report in accordance with 30 TAC §305.128 (relating to Signatories to Reports).

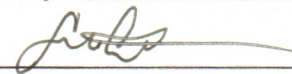

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
